Chief, FBIB

Surface Transportation between Japan and Okinawa

1. Reference is made to your memorandum dated 2 September 1948 to Chief, FBIB, subject as above.

2. It has been determined by consultation with the proper authorities within CIA that surface transportation between Japan and Okinawa should be utilized by [redacted] with letter AG-400 as the basis of authority for payment for this travel. 25X1

3. If, in the event [redacted] desire to travel via air between Tokyo and Okinawa, adequate justification must be established and submitted to CIA. It has been clearly stated by proper authorities within CIA that such justification cannot be made if surface transportation is available within a period of 30 days from their planned date of departure. 25X1

4. You are therefore cautioned, in requesting air transportation, to insure that no surface transportation will be available within a 30-day period.
